## About Los Hornitos Bakery

In our bakery café, we offer freshly prepared baked goods made from scratch on the premises, every morning, from the finest ingredients available.

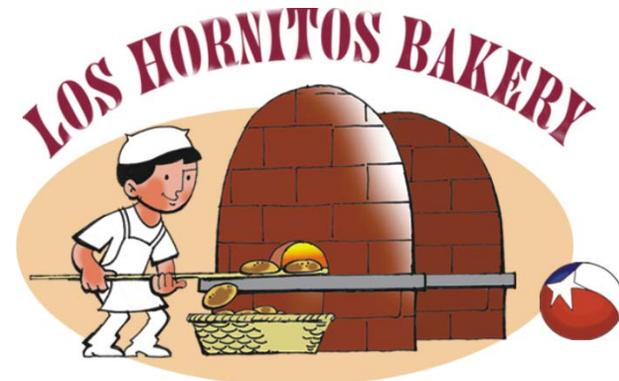

We also offer a variety of light meals including soups, salads and sandwiches. Each day we choose the freshest baked breads, pastries and desserts hand crafted by true artisans.

We have the "best" pies, cookies, biscotti, cakes for all special occasions.

The origin of the name "Los Hornitos" comes from a famous Chilean restaurant where Hector Lorca worked for many years.

This place was very special for Hector and Monica because it allowed them to get to know each other and to have a beautiful romance.

It has been for both a dream, to open up their own bakery and what a better name than anything else, the name of the place where they discovered their true love.

## Hudson Valley MAGAZINE

### Our recommendation:

The Churrasco, a melt-in-your-mouth steak sandwich that is expertly paired with creamy avocado, tomato, cheese and mayo and

stuffed into an amasado roll (a traditional heavy, rich bread that is hand-kneaded and baked in a wood-stoked oven). (July 2007)
